Minnesota Clerical, Inc.*

Who Needs Personal Accident Insurance?

You do. Accident insurance can help you pay expenses if you or your spouse is seriously injured or killed in a covered accident. This insurance can help ensure that tragedy doesn't take both an emotional and a financial toll on your family.

By purchasing this insurance through your employer, you benefit from:

- Affordable group rates
- Convenient payroll deduction

Who Is Eligible For Coverage?

You – You are eligible for coverage if you are an active full-time employee of the sponsoring employer, regularly working 25 or more hours per week. You will be eligible to elect insurance for yourself and your dependents after 30 days of service.

*Your Spouse** – You may elect coverage for a lawful spouse under age 70.

Your Children – You may elect coverage for your unmarried dependent children who are under age 19 (or under age 26 if they are full-time students). Children must be dependent upon you for support and maintenance.

No one may be covered more than once under this plan. If covered as an employee, you cannot also be covered as a dependent.

** Domestic Partner is defined in the Group Policy. For purposes of this brochure, wherever the term Spouse appears, it shall also include a Domestic Partner registered under any state which legally recognizes Domestic Partnerships or Civil Unions. Additional information is available from your Benefit Services Representative.*

How Much Coverage Can You Buy?

You – You may select from \$10,000 to \$500,000 of coverage in units of \$10,000 at an affordable price.

Your Spouse – You may select from \$5,000 to \$250,000 of coverage in units of \$5,000 for your spouse. Your spouse's benefit cannot exceed \$250,000.

Your Children – You may select from \$1,000 to \$10,000 of coverage in units of \$1,000, for your children. The premium is the same regardless of the number of children covered. The benefit amount per child cannot exceed \$10,000.

You may need to request changes to your existing coverage if, in the future, you no longer have dependents who qualify for coverage. We will refund premium if you do not notify us of this and it is determined at the time of a claim that premium has been overpaid.

Your Monthly Cost

Select the benefit amount and family coverage most appropriate for your needs and budget. The chart below shows the most common benefit amounts. Other amounts are available, subject to the maximums indicated above.

Your Benefit Amount	Monthly Cost for You	Monthly Cost for Your Spouse	Monthly Cost for Children
\$500,000	\$10.00	—	—
250,000	5.00	8.75	—
100,000	2.00	3.50	—
10,000	0.20	0.35	\$0.34
5,000	—	.175	0.17

See Benefit Reductions. Costs are subject to change. Benefit amounts over \$10,000 cannot be greater than 5 times your annual earnings. Benefit amounts cannot exceed \$250,000 for your spouse and \$10,000 for each child

The rate per \$1,000 of coverage is \$0.02 for Employee, \$0.035 for Spouse and \$0.034 for Children. To calculate your cost, divide the amount you select by 1,000 and multiply that number by the appropriate cost. For example, if you select \$250,000 of coverage:

$$\$250,000 \div 1,000 = 250$$

$$250 \times \$0.02 = \$5.00 \text{ Your Monthly Cost}$$

Calculate the cost for your spouse and children and add the individual costs together to get your total cost.

Benefit Reductions

When the covered person reaches age 65, his or her benefits will be reduced to 65% of the benefit amount selected and at age 70, 50%. Coverage for your spouse ends when he or she reaches age 70. These reductions also apply if you elect coverage after age 64.

A Valuable Combination of Benefits

Personal Accident Insurance helps protect you against losses due to accidents. A covered accident is a sudden, unforeseeable, external event, resulting directly and independently of all other causes, in a covered injury or covered loss that occurs while coverage is in force. To help survivors of severe accidents adjust to new living circumstances, we will pay benefits according to the chart below.

If, within 365 days of a covered accident, bodily injuries result in:	We will pay this % of the benefit amount:
Loss of life, or Total paralysis of upper and lower limbs, or Loss of any combination of two: hands, feet or eyesight, or Loss of speech and hearing in both ears	100%
Total paralysis of both lower or upper limbs	75%
Total paralysis of upper and lower limbs on one side of the body, or Loss of hand, foot or sight in one eye, or Loss of speech, or Loss of hearing in both ears, or Severance and Reattachment of one hand or foot	50%
Total paralysis of one upper or lower limb, or Loss of all four fingers of the same hand, or Loss of thumb and index finger of the same hand	25%
Loss of all toes of the same foot	20%
Coma	1%

If the same accident causes more than one of these losses, we will pay only one amount, but it will be the largest amount that applies.

Loss of a hand or foot means complete severance through or above the wrist or ankle joint. **Loss of sight** means the total, permanent loss of all vision in the eye. **Loss of speech** means total, permanent and irrecoverable loss of audible communication. **Loss of hearing** means total and permanent loss of the ability to hear any sound in both ears. Loss of sight, speech and hearing must be irrecoverable by natural, surgical or artificial means. **Loss of a thumb and index finger or four fingers**, means complete severance through or above the metacarpophalangeal joints (the joints between the fingers and the hand). **Paralysis** means total loss of use, without severance, of a limb. This loss must be determined by a doctor to be complete and not reversible. **Loss of Toes** means complete severance through the metatarsalphalangeal joint. **Severance** means complete and permanent separation and dismemberment of the limb from the body.

Additional Benefits

For Exposure and Disappearance

Benefits are payable if you or an insured family member suffer a covered loss due to unavoidable exposure to the elements as a result of a covered accident.

If your or an insured family member's body is not found within one year of the disappearance, wrecking or sinking of the conveyance in which you or an insured family member were riding, on a trip otherwise covered, it will be presumed that you sustained loss of life as a result of a covered accident.

For Comas

If you, your spouse, or your children have been in a coma for one full month as a result of a covered accident, we will pay a coma benefit, as shown in [A Valuable Combination of Benefits](#). We will make 11 monthly payments, provided the person remains in a coma during this period. If the person recovers, the payments will stop.

If the insured person dies while the monthly coma benefit payments are being made, or if the insured person remains in a coma after the 11 monthly payments have been made, he or she will be entitled to a lump sum payment equal to the full benefit amount.

***Coma** means a profound state of unconsciousness which resulted directly and independently from all other causes from a covered accident, and from which the insured is not likely to be aroused through powerful stimulation. This condition must be diagnosed and treated regularly by a physician. Coma does not mean any state of unconsciousness intentionally induced during the course of treatment of a covered injury unless the state of unconsciousness results from the administration of anesthesia in preparation for surgical treatment of that covered accident.*

Additional Benefits – Cont’d.

For Wearing a Seatbelt and Protection by an Airbag

This benefit is payable if an insured person dies as a direct result of injuries sustained in a covered accident while driving or riding in an automobile*, while wearing a properly fastened seatbelt (or if the insured is a child, a child restraint as defined by law). That person’s death benefit will be increased by 10% but not more than \$25,000. If the insured person was also positioned in a seat protected by a properly-functioning and properly deployed Supplemental Restraint System ** (Airbag), we will increase that person’s death benefit by an additional 5% but not by more than \$10,000.

Verification of the actual use of the seatbelt and that the supplemental restraint system inflated properly on impact at the time of the accident, must be part of an official report of the accident, or be certified, in writing, by the investigating officer(s) and submitted with the claim.

If it is unclear whether the insured had been wearing a seatbelt or that the person was positioned in a seat protected by a properly functioning and properly deployed airbag, the plan will pay a benefit of \$1,000.

**Automobile means a self-propelled, private passenger motor vehicle with four or more wheels which is of a type both designed and required to be licensed for use on the highways of any state or country. Automobile includes but is not limited to a sedan, station wagon, sport utility vehicle or a motor vehicle of the pickup, van, motor home or camper type. Automobile does not include a mobile home or any motor vehicle which is used in mass or public transit.*

***Supplemental Restraint System means an airbag that inflates upon impact for added protection to the head and chest areas.*

What Is Not Covered

Plan benefits are not payable if an injury or a loss results, directly or indirectly, from or is caused by, self-inflicted injuries or suicide while sane or insane; commission or attempt to commit a felony or an assault; any act of war, declared or undeclared; any active participation in a riot or insurrection; bungee jumping; parachuting; skydiving; parasailing; hang-gliding; sickness, disease, physical or mental impairment, or surgical or medical treatment thereof, or bacterial or viral infection, regardless of how contracted. (This does not include bacterial infection that is the natural and foreseeable result of an accidental external cut or wound or accidental food poisoning.)

Benefits are also not payable if the loss occurs while the covered person is voluntarily using any drug, narcotic, poison, gas or fumes except one prescribed by a licensed physician and taken as prescribed; while operating any type of vehicle while under the influence of alcohol (intoxicated is defined by the law of the state in which the covered accident occurred) or any drug, narcotic or other intoxicant including any prescribed drug for which the covered person has been provided a written warning against operating a vehicle while taking it; while the covered person is engaged in the activities of active duty service in the military, navy or air force of any country or international organization (this does not include Reserve or National Guard training, unless it extends beyond 31 days); traveling in an aircraft that is owned, leased or controlled by the sponsoring organization or any of its subsidiaries or affiliates (an aircraft will be deemed to be "controlled" by the sponsoring organization if the aircraft may be used as the sponsoring organization wishes for more than 10 straight days, or more than 15 days in any year); flying in, boarding or alighting from an aircraft or any craft designed to fly above the earth’s surface, except as a passenger on a regularly scheduled commercial airline; that is: an ultra-light or glider, designed to be used in outerspace; being used by any military authority, except the Air Mobility Command or its foreign equivalent; being flown by the covered person or in which the covered person is a member of the crew; being used for parachuting, hang-gliding, crop dusting, spraying or seeding, giving and receiving flying instruction, fire fighting, sky writing, skydiving, pipeline or power line inspection, aerial photography or exploration, racing or endurance tests, stunts or acrobatic flying, or any operation that requires a special permit from the FAA, even if it is granted (this does not apply if the permit is required only because of the territory flown over or landed on).

When Your Coverage Begins and Ends

Current employees can sign up during this enrollment period. New employees have 31 days from the date they become eligible to enroll. Coverage becomes effective on the later of the program's effective date, the date you become eligible, the date we receive your completed enrollment form, or the date you authorize any necessary payroll deductions. Provided the application has been received and the appropriate premium paid, dependent coverage will start when your coverage begins. If you are not actively at work, the effective date of your insurance will be deferred until you are actively at work.

For insurance for your spouse and/or children to become effective, he/she must not be an inpatient in a hospital, receiving chemotherapy or radiation therapy on an outpatient basis, confined at home and under the care of a physician for sickness or injury or totally disabled.

Your coverage will continue as long as you remain an eligible employee, pay your premium when due and we agree with your employer to continue this group policy. For your spouse and dependent children, coverage ends when your coverage terminates, when their premiums are not paid or when he or she is no longer eligible, whichever occurs first.

***Totally disabled** means, if the covered person is employed, he/she is unable to perform any work for which he/she is (or may reasonably become) qualified by education, training or experience. If the covered person is not employed, totally disabled means he/she is unable to perform all the activities of daily living without human supervision or assistance.*

Changing from the Group Plan to Individual Coverage

If, before you reach age 70, this group coverage is reduced or ends for any reason except non-payment of premium or age, you can convert to an individual policy. No medical certification is needed. To continue coverage, you must apply for the conversion policy and pay the first premium in effect for your age and occupation within 31 days after your group coverage ends. Family members may convert their coverage as long as they have not reached the maximum age limitation. Converted policies are subject to certain benefits and limits as outlined in your certificate, should you become insured under the plan.
